## PINA COLADA

### INGREDIENTS

- 6 – 7 chunks of pineapple
- 1 teaspoon sugar
- 1 tablespoon coconut cream
- 50 ml Bacardi rum
- 50 ml pineapple juice
- Ice
- Fresh pineapple triangles to garnish

### METHOD

Place all your ingredients in to the blender (apart from garnish) and blend until a smooth consistency.

Pour in to a chilled (or even better, frozen) glass, then add your garnish and serve.

You can make one of these per person at the dinner party and freeze the whole lot until it is the consistency of frozen drink still liquid but really thick and then pour it in to your glasses if you like.
